WHISKY REGIONS
of Scotland

Historically, each region had a dominant scotch style, but today's distilleries are mixing methods—yielding delicious results. Flip this card to see where each region's single malts land across four flavor quadrants.

01. HIGHLAND

The broadest range of styles—from rich and sweet (north) to light and dry, heather and honey (mid to south), and even smoky and salty (the coast).

02. LOWLAND

Historically, the lightest variety often featuring toffee and baking spices with hints of floral and citrus.

03. SPEYSIDE

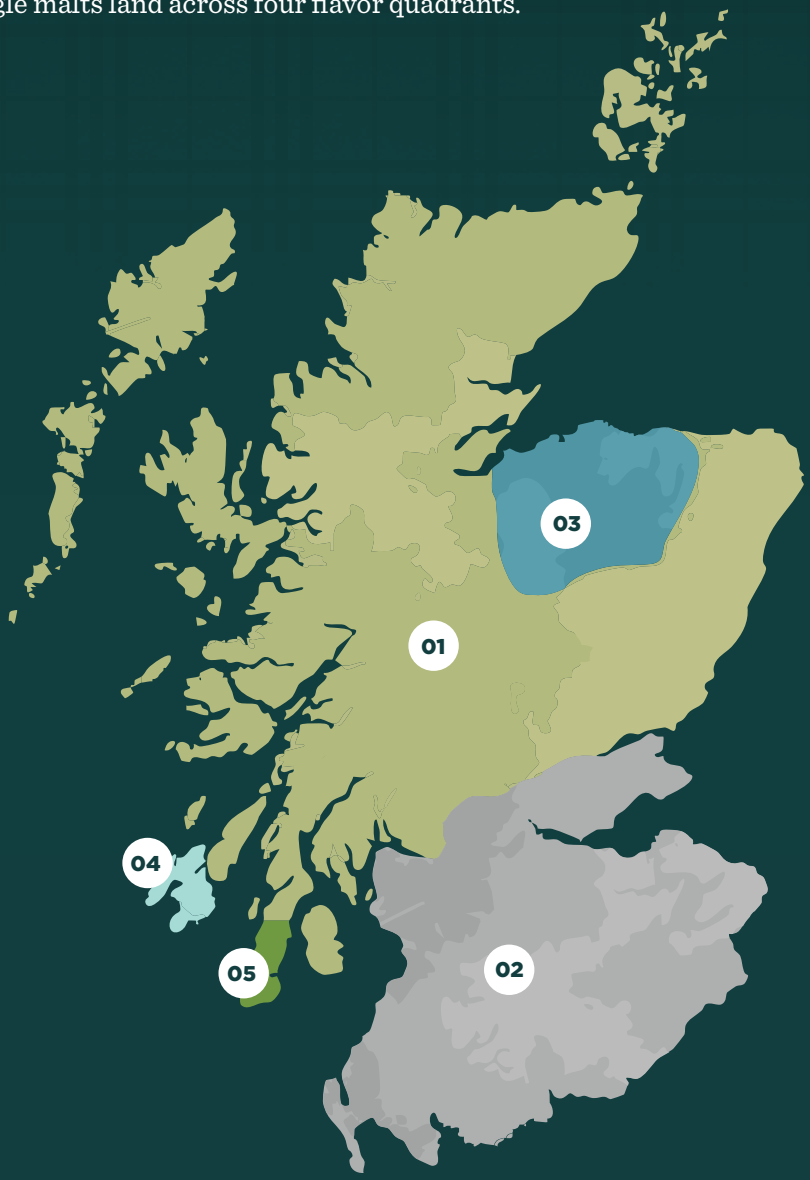

The most concentrated region for distillers. Fruit forward with less smoke and often sherry cask finishes.

04. ISLAY

The most distinct region. Typically, heavy peaty smoke and savory sea brine influence.

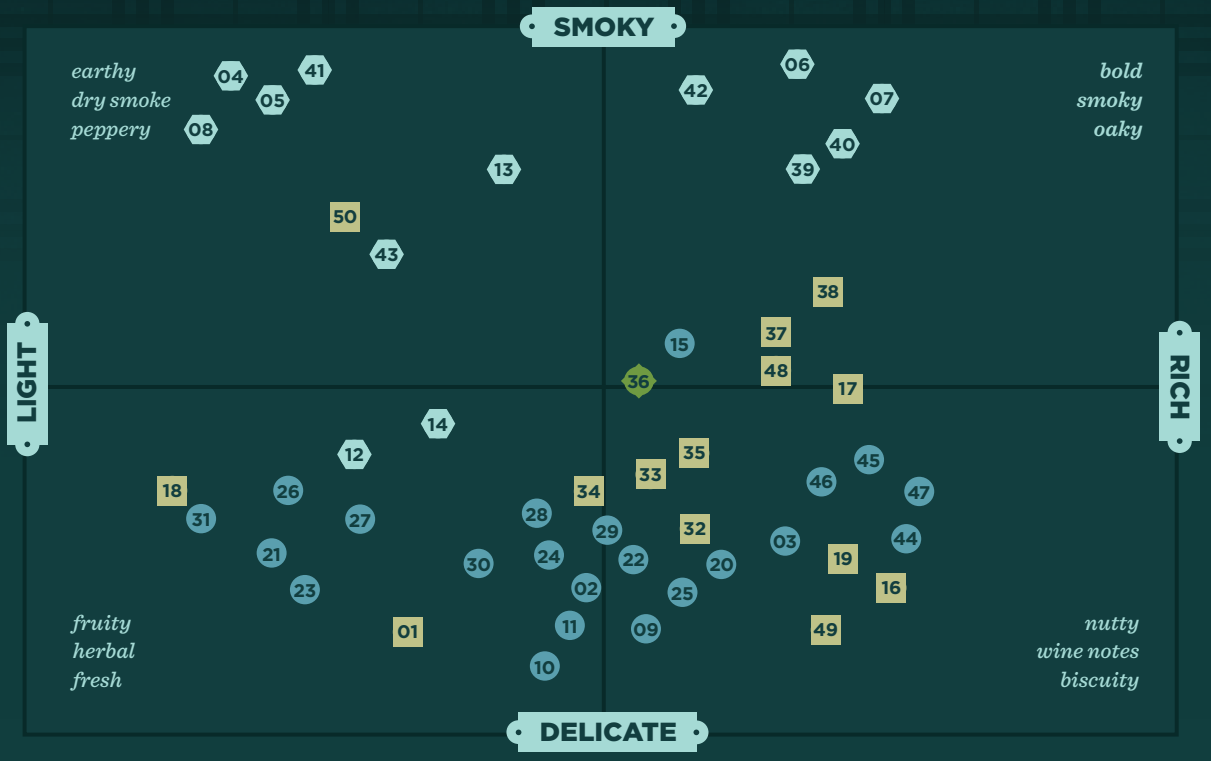

05. CAMPBELTOWN

The smallest group of distillers. Malty funk, fruit, wet wool, and peat.
